tips for your adventure

Tap/click on the map to be taken to Google Maps so you can easily get directions to each location!

- Go Ape is located within Bemis Woods Forest Preserve. You'll see the sign on Ogden, so pull in there and it's a short drive in
- Kirschbaum's is closed on Sundays and Mondays. They also close the entire month of July for family vacation. An alternative within walking distance is Oberweis for ice cream or The Fruit Store for a smoothie
- The Tower Green Museum has a children's museum on the third floor with toys and activities for kids. Unfortunately it's not wheelchair accessible as there are stairs all the way up.
